DaLa Spa at Alaya Ubud was designed to take the experience of Balinese rejuvenation to the next level in a serene setting that is sensitive to the surrounding environment. It has been expertly styled by Moroccan-born interior decorator Zohra Boukhari. Her signature touches are evident throughout and it is this attention to detail that gives the spa its unique aesthetic edge.

As a dedicated space for personal indulgence, DaLa Spa offers a meticulously crafted menu inspired by age-old Indonesian healing and beauty rituals. Bespoke spa products derived from the purest, natural ingredients are used to nourish the body, mind and spirit.

The spa itself is a generously sized facility that incorporates an elegant lobby in the form of an open pavilion complete with its own dining terrace serving organic cuisine. A collection of six treatment rooms is located on a lower level, beneath the lobby with views of the nearby river and its native landscape. These rooms have been styled to capture the essence of vintage decadence with a contemporary twist.

DaLa Spa at Alaya Ubud will be delighting guest with different massage therapies, exfoliating scrubs, body masks, beauty treatments and bath time indulgences. A number of signature rituals and luxury packages are also available including Manis Kлеpon, which is a playful tribute to a traditional Indonesian rice flour cake.
