Being a mother on Bali, and having a girl of a year and a half born on Bali – my second round of motherhood, with the first being a boy of 13, it is vastly noticeable to me how Bali has exploded with children oriented choices within the past fifteen years. It has in three words become a 'kid friendly place' – and thank goodness for that! All About Kids will explore all avenues offered to the younger members of our lives, from babies to teenagers and in between. This column endeavours to showcase the best that Bali has from activities to retail selections, from the arts to sensible medical tips. All About Kids, is in a nutshell, all about them!

THE BISTROT – Fete of St. Nicolas

This is a very sweet children's tradition mainly celebrated in central Europe that The Bistrot would like to share to the children on and of Bali. If the children have been 'good' then St. Nicolas will bestow presents and other treats (food present in a basket: home made filled 'speculos' with marzipan/mandarins/assortment of surprises with coloured sugar on top) and happily pose for photographs (included in the price). Snacks and drinks will be provided such as Hot Cocoa and Crepes if desired. Come and get your children into the Christmas spirit and enjoy a centuries old tradition.

Thursday December 6th – St. Nicolas Children's Party

Time: 5pm – 7pm

Price: Rp. 180,000 + +. Including photograph with St Nicolas.
